Jan-April 2019

We are happy to release the first newsletter in the year 2019 of activities of Regional Centre Jaipur from Jan to April with support and cooperation of you all. Regional Centre Jaipur is in its way to reach all segments of the society with quality education for all and committed to contribute in the region. We have initiated many new initiatives for strengthening student support services with interventions. We have covered all 20 districts in the region with a network of study centres for reaching the unreached. A project with Ministry of Health and Family Welfare for training & Orientation of ANM/GNM professionals of Rajasthan in Community health has been initiated by establishing BPCCHN based Programme Study Centres. Regional Centre Jaipur is working closely with many other departments of Govt. of Rajasthan for training & orientation of field functionaries to popularize competency based programmes of the University. Technology mediated interventions are the strength of Regional Centre Jaipur breezing the gap between distance learners and University to meet out the expectation and goals.
