STAFF DEVELOPMENT PROGRAMES

A new initiative is taken at IGNOU REGIONAL CENTRE JAIPUR for capacity building of staff of the Regional Centre. This is meant to expose the staff of RC to variety of initiatives taken by the university from time to time to facilitate student support services. At the same time is planned to provide a platform to the staff member of the Regional Centre to update and upgrade them in various skill based activities pertaining to their area of work. The programme aims at developing a healthy atmosphere the Regional Centre to promote meaningful and productive discussion and interaction among the staff members. Provision has also been made to invite experts from local educational institutions as and when possible and address the staff members on areas related to motivation, stress management, time management etc. The ultimate aim of the whole programme is to develop work efficiency of internal staff of RC and enable them to serve the student better.

The programme is being organized once in a month at the Conference Room of the Regional Centre Jaipur.

Objectives:

1. To Discuss and interact with the staff members about various initiatives of the University
2. To expose the staff members to varieties of areas that lead to improve their work efficiencies.
3. To enable them to develop appropriate work culture in the office of the Regional Centre
4. To provide them a platform to share their difficulties and problems with other colleagues
5. To develop a spirit of confidence in them towards work and good working habits

Dr. Mamta Bhatia
Regional Director
